French Section Fiftieth Anniversary Celebration

TOULOUSE 6-8 September 2024

The Section was created by our late Friend Jean RECULLET in 1973

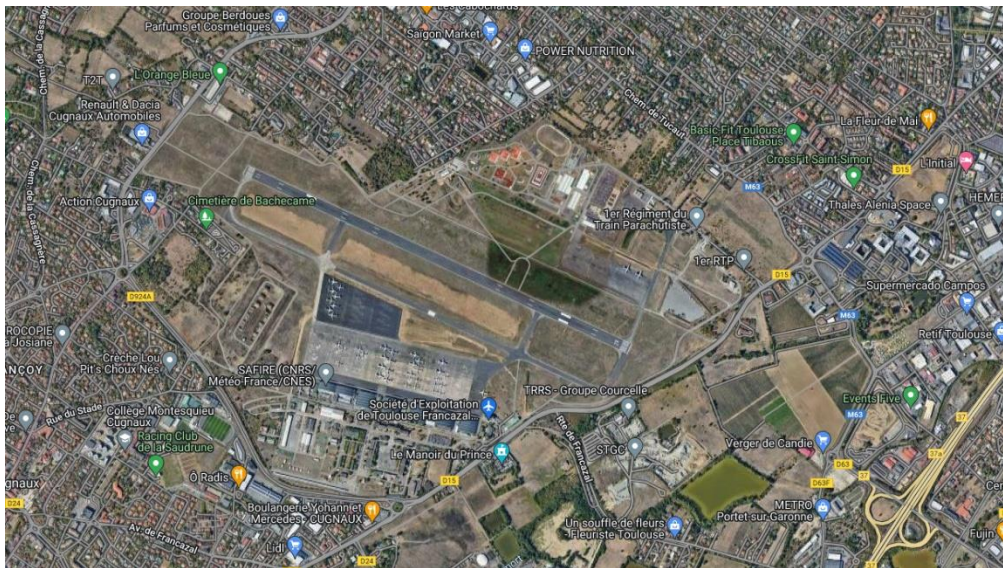

The meeting will take place in Toulouse, worldwide Capital of Aeronautics and Space ; the first day will be devoted to the aviation of the years to come ; the second day will focus conversely upon the past from the first flight of Clément ADER, the adventure of l'Aéropostale, up to the most advanced flying models ; the last day will allow you to discover (or re-discover for many) the most prominent sights of 'La Ville Rose' which Claude NOUGARO sang so well (another anniversary however celebrated at the same time as our's).

And last but not least, the climax will be of course 'la Soirée de Gala' to be enjoyed in a typical 'mas toulousain'.

Friday, September 6th
